# Grandparents' Day

It would be wonderful for our Grandparents to join us at school for our annual Grandparents' Day. We would love to spend some time participating in some fun activities and to have the pleasure of sharing a lovely morning tea! The children would love the opportunity to invite their Grandparents to Chapel, to show them what their school is all about and to spend some time doing activities and even playing some games with them! We would also like all our Grandparents to stay and share morning tea with us in Banksia!

If parents could provide a small plate for the morning tea, it would be very much appreciated.

**We look forward  
to seeing you  
there!**
